Organising Committee

Description

EN FRANÇAIS

Rencontre Euskampus Bordeaux Eguna 2020, le 30 octobre 2020 (en ligne).

Le 30 octobre prochain se tiendra l'Euskampus Bordeaux Eguna 2020. Nous aurions aimé rassembler toute la communauté Euskampus Bordeaux comme lors des éditions précédentes à [Bordeaux](#) ou à [Donostia-Saint Sébastien](#) mais cette année nous avons opté pour un format en ligne qui nous permettra de faire le point sur notre Alliance et prendre le pouls des multiples collaborations en cours, loin d'avoir faibli pendant cette riche année écoulée.

Cet Euskampus Bordeaux Eguna marquera le lancement d'une année importante. En 2020-2021, sera célébré, en effet, le dixième anniversaire du Campus d'Excellence International Euskampus de l'UPV/EHU, Tecnalia et du DIPC, d'IdEx Bordeaux et de la naissance du Campus transfrontalier Euskampus Bordeaux.

- Table ronde Covid 19: des chercheurs de l'Université de Bordeaux et l'Université de Pays Basque/Euskal Herriko Unibertsitatea discuteront des effets, des défis et de projets concrets engendrés par cette pandémie mondiale, pour la recherche, l'université et l'alliance Euskampus Bordeaux
- [Programme Euskampus Resilience Covid 19](#): présentation de projets sélectionnés
- Project [Ocean i3](#)
- Progress de project [ENLIGHT](#)
- [Laboratoires de Coopération Transfrontalière \(LTC\)](#): présentation des nouveaux LTCs et des avancées des existants
- Présentation d'Urte Nagusia Euskampus Bordeaux Eguna
- Cloture institutionnelle Euskampus Bordeaux Eguna 2020

L'événement sera diffusé dans une version quadrilingue et une traduction simultanée sera fournie.

INSCRIPTION

Les inscriptions seront ouvertes jusqu'au 27 octobre.

ENGLISH

On October 30 we will celebrate Euskampus Bordeaux Eguna 2020. We would like to be able to bring together the entire Euskampus Bordeaux community in a great meeting as in the two previous editions, in [Donostia-San Sebastián](#) and in [Bordeaux](#). However, this year we have decided to offer you a short online format that will help us know the status of our Alliance and stay in touch with the multiple collaborations underway.

In this Euskampus-Bordeaux Eguna we will launch the *txupinazo* to celebrate a great year. The academic year 2020-21 is the 10th anniversary of the launching of UPV / EHU, Tecnalia and DIPC Campus of International Excellence Euskampus, and the beginning of the Cross-Border Campus with the University of Bordeaux.

- COVID table: researchers from the University of Bordeaux and the University of the Basque Country/Euskal Herriko Unibertsitatea will discuss the effects and challenges of this global pandemic for research, the University and the Euskampus Bordeaux Alliance
- [Euskampus Resilience COVID-19 Program](#): several selected projects will be presented
- [Ocean i3](#) Project
- [ENLIGHT](#) project updating
- [Laboratories for Cross-borders Cooperation \(LTCs\)](#) Presentation of new LTC and advances of the existing ones
- Euskampus Bordeaux Eguna's Urte Nagusia Presentation
- Euskampus Bordeaux Eguna Institutional closing

The event will be broadcast in a quadrilingual version and simultaneous translation will be provided.

REGISTRATION

Registration will be opened until October 27th.

She does research on the multilingual projects developed by Euskampus Fundazioa (such as Heraklito Pole for Global Communication, or Ocean i3) and she has presented her work at national and international conferences. Born in Bilbao, Basque Country (Spain) and lived in Hollister (California, USA) in the UK (London and Worthing) , and in France (Pau). She is Euskampus Fundazioa's Outreach and Multilingualism Head, part of the Euskampus team since 2012.

Teachers

Marie Line Andreola

Marie-Line Andreola was born in Sainte-Foy-la-Grande, France. She did her university under-graduate studies and obtained her PhD from the University of Bordeaux 2, France. She spent a post-doctoral staying in Stanford University. Back in France she was recruited as a CNRS scientist and currently she is research director in the CNRS and group leader at the MFP CNRS UMR 5234 (Laboratory for Fundamental Microbiology and Pathogenicity) at the University of Bordeaux. She is co-director of the MFP. She is head of the UB'L3 platform of the UMS TBM core of the university of Bordeaux. She developed over the last 20 years' studies on fundamental and applied topics in L3 confinement for HIV-1, HCV and Zika, to understand the mechanism by which those viruses are replicated. She has 91 publications, h-index 30 and coauthored 8 patents.

Sara de la Rica Goiricelaya

Universidad del País Vasco

Sara de la Rica, is Professor of Economics at the University of the Basque Country (UPV-EHU) and since its constitution in 2018, Director of the ISEAK Foundation. His area of specialty is the Labor Market, and in particular, labor inequalities caused by socioeconomic factors, sex, origin or age. She also deals with the analysis of poverty and the challenges of digitalization, and currently holds other positions such as Member of the Board of Iberdrola, Associate Researcher at IZA (Institute of Labor Economics) and Member of the Reflection Forum of AMETIC (Multisectorial Association of Spanish Electronics and Communications Companies). In 2018 Sara received the Award for «Basque Economist 2018, Ekonomistak Saria 2018», awarded by the Basque College of Economists.

Joseba Laka Mugartza

TECNALIA

As of today I direct a team of researchers and technology developers in Tecalia, aimed at the creation and development of different digital technologies for the benefit of innovative companies. We also work to improve digital competences of our society as a whole. These technologies are all about system life cycle engineering, the internet of things, cybersecurity, high-performance architectures, advanced interaction, digital platforms...and of course artificial intelligence. I have 25 years of experience in the digital industry, having worked 10 of those years in the telecommunications sector at a wide range of locations (especially Europe, and to a lesser extent Asia).

Joan Pageze

Vice-President for Internationalization at the University of Bordeaux, Joanne Pagèze teaches at the Department of Languages and Cultures. She has a research interest in language policy, internationalisation of learning and teaching and teacher development in higher education. Chair of the EAIE expert community on Language and Culture, she is also assistant-editor for the European Journal of Language Policy and board member of the French national association for language centres (RANACLES) affiliated to CERCLES.

Rodolphe Thiebaud

Medical doctor, with specialization in Public Health with a PhD in Biostatistics from Bordeaux University. He started his research carrier at the INSERM in 2002. He has been a research fellow in the Immunobiology Division of the Institute of Child Health (London) in 2007. Now Professor in Public Health / Biostatistics at the UB, he leads a research group (Statistics in Systems Biology and Translational Medicine) devoted to the modelling and analysis of high-dimensional data mainly applied to immunology through the French Vaccine Research Institute (embedded in the Bordeaux Population Health (BPH) and recognized as an INRIA project team). He is in charge of the medical information department of the Bdx University Hospital and also the Director of the Dpt of research in Public Health of the UB, the deputy director of the BPH (11 teams) and the Director of the Graduate School of Digital Public Health, coordinator of the Master of Public Health Data Science at ISPED.
