Description

Antonio Vercher will analyse the penal system in the matter of crimes against the environment.

Antonio Vercher will analyse the penal system in the matter of crimes against the environment and the actions of the Environmental Public Prosecutor's Office in relation to these crimes, making an assessment of their trajectory over the last 15 years. Prosecutor Vercher will touch upon recent administrative regulations, specifically the draft law on waste and the law on climate change, as well as some proposals for the future.

Objectives

The right to the environment as a fundamental right
