

Glycobasque 8

23.Oct - 24.Oct 2025

Cod. Z27-25

Mod.:

Face-to-face

Edition

2025

Activity type

Workshop

Date

23.Oct - 24.Oct 2025

Location

Gipuzkoa Technology Park, Central Building

Languages

English Spanish

Academic Validity

20 hours

Web

Organising Committee

Fundación
BBVA

Description

Glycobasque 8, the 8th edition of our annual international glycoscience meeting organized by the Glycotechnology (Niels Reichardt) and Chemical Glycobiology (Jesús Jiménez-Barbero) groups of the BRTA centers CIC biomaGUNE (San Sebastián) and CIC bioGUNE (Derio). Glycoscience is becoming increasingly relevant to many areas of drug development, gene therapy, regenerative medicine and disease diagnostics and presents immense opportunities for both basic and translational research.

The 1.5 day meeting will provide seminars from leading experts in glycobiology, immunology and carbohydrate chemistry and showcase state-of-the-art research from participants with backgrounds in cancer glycobiology, glycan synthesis, immune therapy, glycoconjugate vaccine design and analysis of carbohydrate-protein interactions among others.

The meeting will take place at the spacious auditorium of the Edificio Central (Paseo Mikeletegi 53) at the Guipuzcoa Technology Park in San Sebastian.

Objectives

Sharing scientific knowledge

Discovering the latest techniques in the field of glycosciences

Organised by

In collaboration with

Directed by

Niels Reichardt

Jesús Jiménez

Teachers

Martina Delbianco

Xufei Huang

Lars Nitschke

Katharina Ribbeck

Registration fees

REGISTRATION	UNTIL 19-10-2025
General	210,00 EUR

Place

Gipuzkoa Technology Park, Central Building

Paseo Mikeletegi 53 | 20009 Donostia / San Sebastian

Gipuzkoa
