Édition

2023

Type d'activité

Workshop

Date

02.oct - 04.oct 2023

Location

Miramar Palace

Langues

Anglais

Reconnaissance officielle par l'État

30 heures

Comité d'organisation

Description

This workshop will bring together first-line researchers (senior and early-stage researchers) from all over the world who are experts in the field of origins of life, with a special focus on the emergence of the first systems (reaction networks, protocells,...) that could be called ‘metabolic’ or ‘proto-metabolic’.

ORGANIZING COMMITTEE:

Kepa Ruiz-Mirazo, Chair (University of the Basque Country)

Sheref Mansy (CIBIO, University of Trento — Italy & University of Alberta, Canada)

Joseph Moran (University of Strasbourg — France)

Dora Tang (Max Planck Institute, Dresden — Germany)

Matthew Powner (University College London — United Kingdom)

Peter Walde (ETH-Zürich — Switzerland)

Objectifs

Bring together the international community of researchers (senior and junior) of the origins-of-life field.

Promote the interdisciplinary research and the interactions among diverse actors required to advance in the most basic problems of the field, in particular in the emergence of the first physical/chemical systems that could be called (proto-) metabolic.

Put Donostia and the Basque Country at the center of attention of all this international community of experts and, more generally, of scientists interested in the problem.
